

Adopt-A-Basket

MACCIT Hanging Baskets Community Beautification Program

Memorial Day – Labor Day

Our annual **Adopt A Basket Campaign** began two years ago to beautify our city business districts and benefit our entire community. The **Adopt A Basket Campaign** will allow us to purchase 40 hanging flower baskets and whiskey barrels for both sides of Milton and have them adequately maintained. This year we have again contracted with Kathy Hoffman from Jenka Blossoms who created the last year's beautiful hanging baskets.

Comments from last year's hanging basket community beautification program, reiterated how gorgeous the plants were and how much of an enhancement it was to the community. We want people to continually take notice see the Milton area as beautiful and appealing. And projects like this encourage people to make return trips to the community, benefiting business and community members in Milton. What it adds to Milton in the summer is **priceless!** Let's all work together and continue this great program!
